SENSIBLE REASONS TO CHOOSE A MINI

Class-leading drive, build quality and an array of striking interior design features – all great reasons to buy a MINI but that's certainly not the whole story. Here are some other things you might find interesting:

LOWER EMISSIONS AND LOWER FUEL CONSUMPTION

MINIMALISM is our name for a range of engineering advances that have resulted in a reduction of between 19 and 28% in emissions and a substantial increase in fuel efficiency across the MINI range. For example the MINI Cooper D Countryman achieves 64.2mpg on the combined cycle and emits only 115g/km of CO₂. This has a positive impact on your annual car tax.

SERVICING

But won't a MINI be expensive to service you ask? Nope. We've made sure of that by offering every new MINI owner their first 5 years servicing (or 80,000 km whichever is sooner) for a one off payment. We call this MINI tlc. For further information including full pricing, terms and conditions please contact your MINI Dealer.

MINI ACCESSORIES

MINI Accessories is the only range that is approved by the people that built the MINI. Every item is at one with the design, build and spirit of this uncompromising car. Pick from masses of exterior accessories including decals, alloy wheels, roof racks and mirror covers. It's the same with the interior, where the range extends from the leather gear lever knobs and gaiters to DVD systems for rear seat entertainment. Whichever you choose, MINI Accessories are sure to make your MINI more you. Just as important, they won't make it any less MINI.

For details of the full range of accessories available pick up an accessories brochure from your local MINI Dealer or visit:

www.mini.ie/accessories.

Prices shown are those in effect at the time of going to press and may alter periodically subject to product changes. All prices include VAT unless quoted separately. MINI Ireland has made every effort to ensure the accuracy of information but does not accept liability for any errors or omissions.
